## Tips:

- Use a flexible sewing tape measure that's at least 60 inches long.
- Wear a base layer that's not too bulky (thick) and not too restrictive (minimizing).
- Save the completed chart on your phone to reference while shopping.

- |    |   |                      |
|----|---|----------------------|
| 1  | <b>Head</b><br>Measure one finger-width above the ears.                         | <input type="text"/> |
| 2  | <b>Neck*</b><br>Measure around the neck.  | <input type="text"/> |
| 3  | <b>Chest</b><br>Measure at the fullest point.                                   | <input type="text"/> |
| 4  | <b>Waist</b><br>Measure at the natural waist.                                   | <input type="text"/> |
| 5  | <b>Hips</b><br>Measure at the fullest point.                                    | <input type="text"/> |
| 6  | <b>Inseam</b><br>Measure along the inside of the leg from crotch to ankle bone. | <input type="text"/> |
| 7  | <b>Wrist*</b><br>Measure around the wrist bone.                                 | <input type="text"/> |
| 8  | <b>Calf**</b><br>Measure at the widest part of the calf.                        | <input type="text"/> |
| 9  | <b>Ankle**</b><br>Measure around the ankle bone.                                | <input type="text"/> |
| 10 | <b>Shoe Size &amp; Width</b>  | <input type="text"/> |

\* Useful when shopping for jewelry.

\*\* Helpful when buying boots or knee socks.
